Superintendent's Report

To the School Board and Citizens of East Kingston:

I herewith submit my eighth annual report. Your consideration is respectfully asked. Notice the tables which follow.

PERSONNEL

For several successive years you have retained the same teachers. The continuous service which your staff has given you indicates much in the way of their loyalty to you and your children as well as your appreciation. Continuity of training remains unbroken with a resulting continuity of progress on the part of your pupils. In some systems teachers advance from grade to grade with their pupils. The plan has much merit, but is unnecessary in your system as the same aim is already accomplished.

PUPILS

The progress of your pupils is well illustrated by the following results taken from the May 1934 tests.

	Reached or bet- tered the grade	Below grade
Grade 1	8	
Grade 2	1	
Grade 3	2	2
Grade 4	4	
Grade 5	7	
Grade 6	4	
Grade 7	6	
Grade 8	1	

The fact that only two pupils tested were below grade shows considerable ability as well as the thoroughness of the instruction. I have every reason to be proud of the results and know you must feel the same.

COSTS

Below you will note a comparison of elementary school costs for each of the districts in this Union. A comparison of last year's net costs with those of the year before indicate just how much of a reduction has been accomplished. In your case the decrease is slight due largely to a rather stable enrollment during the two years. This present year should show a greater drop owing to the larger enrollment. The decrease shows a will on the part of the Board to keep costs down in accordance with the trends of the times. The value of State Aid to you is well illustrated by an examination of the following statistics.

Per Pupil Costs 1933-34

District	Average No. Elem. Pupils	\$ Per Pupil Cost	\$ State Aid Per Pupil	\$ Net to District	1932-33
Brentwood	\$ 89.22	\$ 62.74	\$24.17	\$38.57	\$38.83
Danville	71.81	59.56	22.31	37.25	39.16
East Kingston	37.06	106.82	24.27	82.55	84.73
Epping	305.45	47.33	16.56	30.77	34.12
Fremont	97.90	47.40	13.06	34.34	51.14
Kingston	137.72	65.16	20.16	45.00	48.76
Sandown	48.09	68.08	31.27	36.81	44.86
South Hampton	32.63	96.11	31.87	64.24	82.56
(State Median)		72.465			

IMPROVEMENTS

The greatest improvement made during the year is of course the installation of the steam boiler at the Pound School. For the first time and after experiments with other equipment, it is now possible to keep the room warm for school purposes. A good cellar for boiler and coal pocket has been provided. The school is now one of the best equipped in the Union. For the future some consideration of painting and the installation of screens and screen doors should receive your attention.

SCHOOL REPORT

APPRECIATION

The past year has been very trying and difficult. But amidst it all we find a ray of hope in the loyal support accorded the schools by the citizenry of East Kingston. I express my gratitude to all who have contributed to the successes of the past year. The proceeds from the operetta defrayed the expense of a dental clinic. In behalf of those in charge we here express our thanks. To the School Board and teachers I am most appreciative. Their cooperation has been of the right sort and has contributed much toward the advancement of the children's interests and progress.

Respectfully submitted,

HAROLD C. BOWLEY,

Superintendent of Schools.

February 1, 1935.
